parc centre™

Parc Centre is movable outdoor furniture designed for active public space. Nimble enough to go where the action is and hefty enough to hold its ground.

Scattered at random...arranged tete-a-tete...lined up in rows...Parc Centre offers hands-on flexibility in outdoor public places.

The Parc Centre chair marries the visual lightness of the Parisian classic with the weight and structure required for daily public use. Designer John Rizzi's graceful linear frame gives Parc Centre strength with resilience, imparts a feeling of energy without mass, and offers comfort with a pleasing bounce. The sled base ensures stability on grass, gravel or hard surfaces. Constructed of cold-drawn steel rod with welded solid steel straps, the Parc Centre chair weighs a substantial 22 lbs. without and 25 lbs. with arms. It stacks horizontally for added utility. The Parc Centre table combines a simple cylindrical column with a sleek 5/16" top that reads like a fine line but has the strength of solid steel. Together, the Parc Centre chair and table address a growing demand for greater amenity, versatility and flexibility in public outdoor environments.

## Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

## Parc Centre™ Specifications

### Chairs

The frame of the Parc Centre chair is formed of 7/16" steel rod. Powdercoated chair is offered armless, or with arms. The seat and back panels are constructed of welded steel straps. Chairs are lightweight and stack horizontally. Stacking bumper/glides are made of tough nylon to resist damage from dragging on rough surfaces. Parc Centre chairs meet ANSI/BIFMA performance and safety standards.

### Table

The Parc Centre table is available in three sizes: 24" round, 30" round, and 28" square. Tabletops are formed of solid 5/16" steel plate welded to heavy duty steel wall tubing support. Base plate is 17" diameter solid steel. All parts are powdercoated. Table is available as either a surface mount or freestanding with adjustable levelers.

### Finishes

All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling, and fading. Call for standard color chart.

### To Specify

*Table:* Select table size and style, and powdercoat color. Specify surface mount or freestanding.

*Chair:* Select chair with arms, or armless, and powdercoat color.
