wellspring™

Wellspring is handsome teak furniture with subtle design features that make it easy to sit, settle, reach and rise. The collection is one of a kind, created for restful outdoor spaces.

Wellspring includes a dining table, chairs, bench, rocker, litter receptacle, side table and shade structure designed to address the special needs of the retired and active, aging and assisted, ailing and recovering. Robust, durable commercial furniture, the collection serves equally well in other outdoor environments in which good design and exceptional comfort are prized.

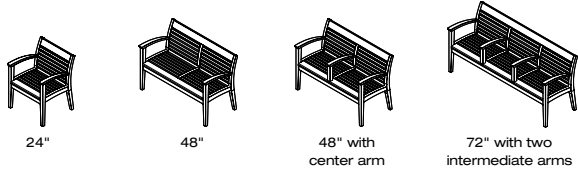

## Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

### Wellspring Specifications

#### Bench

The backed benches are available in 24", 48" and 72" lengths and constructed of premium furniture grade teak with no finish. The bench is available in a 17-1/2" seat height as well as a 19" seat height; the 19" height allows easier transfer of a person from a wheelchair and is ADA compliant. The seat portion of the bench tapers towards the back and the back portion of the bench is curved to give the bench greater ergonomic support. The back of the bench and the arms are designed to be taller for greater stability and comfort. The 2 person bench (48" length) is available with an optional single center arm; the 3 person (72" length) is available with 2 intermediate arms. The benches ship fully assembled with freestanding glides; optional stainless steel surface mounting kit is available.

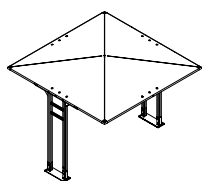

25" x 34" x 24"    25" x 34" x 48"    25" x 34" x 48"    28" x 34" x 72"    d x h x l

#### Shade Structure

Shade Structure is 120" square and is 84" high at the outside edges with an overall height of 98". The canopy frame is constructed of aluminum tubing, the wood uprights are constructed of jarrah, and the surface mount plates are constructed of steel. The aluminum frame and surface mount plates are finished with Landscape Forms exclusive Pangard® polyester, a hard yet flexible finish which resists rusting, chipping, peeling and fading. The jarrah wood uprights are unfinished. The canopy fabric cover is made of Sunbrella® marine grade 100% solution dyed fiber, and is treated for a high degree of fade resistance. The material is mildew proof and meets California Technical bulletin #117 section E (CS-191-53). The canopy fabric cover is available in forest green, oyster, or burgundy, and attaches with zippers, Velcro® and snaps. All hardware is stainless steel to help prevent corrosion.

Canopy fabric is subject to damage if exposed to winds in excess of 45 miles per hour; canopy can easily be removed in windy conditions. The Shade Structure canopy is not designed for snow loads so must be removed in the winter. Landscape Forms is not responsible for damage caused by weather related conditions. See assembly instructions for details.

The Shade Structure must be surface mounted on concrete; see installation directions for specifics.

120" x 120" x 98"    w x l x h

#### Rocker

Rocker is available in 24" and 48" lengths and constructed of premium furniture grade teak with no finish. The rockers are only available in the 17-1/2" height. The seat and back are the same profile as the benches. The 2 person rocker (48" length) is available with an optional single center arm. The rockers ship fully assembled.

25" x 34" x 24"    25" x 34" x 48"    25" x 34" x 48"    d x h x l

#### Side Table

Side Table is 24" square, 25" high and constructed of premium furniture grade teak with no finish. The taller height allows easier use while seated. The table is shipped with freestanding glides; optional stainless steel surface mounting kit is available.

24" x 25" x 24"    d x h x l

#### To Specify

*Bench:* Select length, seat height, with or without center/intermediate arms, and freestanding or surface mount.

*Rocker:* Select length, with or without center arm on 48" rocker.

*Side Table:* Select freestanding or surface.

*Shade Structure:* Select powdercoat color for frame and surface mount plate, and canopy fabric color.
