

A close-up, low-angle shot of a vibrant blue metal mesh bench. The bench features a curved backrest and a matching seat, both constructed from a fine, grid-like metal mesh. The frame is made of thick, polished blue metal. In the background, several white wooden rocking chairs are visible, slightly out of focus, suggesting a nursery or playroom environment. The lighting is soft and even, highlighting the texture of the mesh and the smooth finish of the frame.

manistee™ bench

Some things never go out of style.

Good design, reliable performance and sound value explain why the Manistee bench is a tried and true favorite for college campuses, office courtyards and outdoor malls. Manistee combines the strength of gently curved tubular steel frames with the visual lightness of wire grid seats and backs. One-piece seat construction and a freestanding option make these benches easy to place, easy to use. No special assembly or installation is required. Manistee is a durable, economical and colorful seating solution for lively public and private outdoor spaces.

Our purpose is to Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

Manistee™ Bench Specifications
