Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

Scarborough Litter Receptacle Specifications

Scarborough™ receptacles are durably constructed of metal side panels and a spun metal top to meet the demands of active public spaces. Choose from vertical strap or square bar side panels. Top- or side-opening receptacles may be specified. The receptacle lid lifts up and swings to the side for easy litter removal. An optional keyed lock may be added for security, and an optional ash pan may be specified for the side-opening receptacle. The 30-gallon polyethylene liner coordinates with specified powdercoat color. Receptacles are standard with a freestanding/surface mount option.

Metal support legs are 1"x 1" square. Vertical metal straps 1-1/2" x 3/16". Vertical metal bars are 3/8" square. Straps and bars are welded to metal bands. Tubular steel collar is 1-1/4" dia., 0.120" wall thickness. Tops are formed of spun metal. Pop-up rod is stainless steel.

Finishes

All metal is finished with Landscape Forms' proprietary Pangard II polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading. Call for standard color chart.

To Specify:

Select top-opening or side-opening and powder-coat color. Specify vertical strap or square bar side panels.
