

# Larkspur

February 2012

With our roots in the landscape and a stated purpose to “Enrich Outdoor Spaces,” Landscape Forms has a special relationship to the natural environment. We have always been mindful that as we design and manufacture products that are acted upon by the environment, we act upon it in turn. Environmental sustainability is completely consistent with our purpose, our goals, our values and our principles. We make stewardship of the environment a vital part of our business.

To learn more about our sustainability initiatives, refer to our [Environmental Statement](#).

**LARKSPUR IS MANUFACTURED USING THE FOLLOWING MATERIALS:**

<b>Material</b>	<b>Recyclable</b>	
concrete	100%	
<b>Packaging Materials</b>	<b>Parts</b>	<b>Recyclable</b>
plastic	product bagged to protect finish	100%
recycled skid		100%
cardboard with 35% recycled content		100%

**LEED®**

This product may help achieve the following points under the LEED 2009 Rating System. For specifics regarding rules for the inclusion of furniture, please consult the rating system and reference guide that applies to your project.

**Materials and Resources**

**MR Credit 4, Recycled Content**

**Intent**

To increase demand for building products that incorporate recycled content materials, thereby reducing impacts resulting from extraction and processing of virgin materials.

<b>Recycled Content</b>	<b>Total</b>	<b>Post Consumer</b>	<b>Pre Consumer</b>
concrete	2	2	0

**MR Credit 5, Regional Materials**

**Intent**

To increase demand for building materials and products that are extracted and manufactured within the region, thereby supporting the use of indigenous resources and reducing the environmental impacts resulting from transportation.

This product is manufactured in our Phoenix, AZ facility, zip code 85034. For calculations regarding material extraction, please contact Landscape Forms.

<b>Material</b>	<b>City</b>	<b>State</b>	<b>Zip</b>	<b>Miles</b>
cement	Rillito	AZ	85654	90
sand	Casa Grande	AZ	85222	40
aggregate	Phoenix	AZ	85043	14
fly ash	Farmington	NM	87401	350

**CARE AND MAINTENANCE**

Larkspur is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

Concrete: It is recommended that the planters are thoroughly cleaned annually to remove normal surface dirt, grime build up, and stains. This can be done with low-pressure water cleaning in combination with scrubbing the concrete and surrounding area with a non-metallic brush. We do not recommend applying sealers or stains. Move planters with care to protect the base and rims from chipping. Do not place on side or top, keep planter upright at all times except if placed on a soft surface, such as a carpeted furniture dolly. Moving the planter is best accomplished by placing it on a reinforced pallet and moving it with a forklift.
