

landscapeforms®

washington square®

Washington Square challenges the conventional boundaries between interior and exterior space.

Brian Kane designed Washington Square to bring the comfort and intimacy of the living room to a variety of environments that provide room for living, working and waiting. Washington Square's strength, durability and design make it a smart solution for corporate courtyards and outdoor spaces, while its sophisticated aesthetic and subtle details are equally fitting for indoor public places.

Hardwood seats capture the spirit of a classic park bench. Perforated metal seats are crisp and clean. Add a litter receptacle, table or tablet arms to expand Washington Square's social dimension.

Classic and comfortable outdoor furniture with strength and style.

Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to elevate experience and help create a sense of place in public environments. Our high quality products and outstanding customer service have earned us a reputation as one of the world's premier designers and manufacturers of outdoor commercial furnishings.

Washington Square Specifications

Seat

Washington Square® seats may be specified as one-, two-, or three-seat units. Frames are formed of 1-1/2" diameter steel tubing. Seats are available in perforated metal or variety of woods. Wood seats are bolted to the frame. Perforated metal seats, formed of 11-gauge steel, are welded to the frames.

Side Table

Frame is 1-1/2" diameter steel tubing.

Perforated metal panel is formed of 11-gauge steel.

Mounting

Seats, side tables and receptacles feature a concealed surface mount option. The supplied nylon glides may be removed from the legs and secured to hard surfacing with appropriate anchors (supplied by installer). The legs then slide back onto the glides and a stainless steel set screw is engaged to secure each leg.

Finishes

Interior woods are finished with Landscape Forms' exclusive LF-80 wood finish, a clear, catalyzed acrylic catalyzed acrylic lacquer. Special stain may be specified for an upcharge.

Exterior woods are unfinished and will weather to a soft pewter gray, requiring no future maintenance.

Metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peering and fading. Call for standard color chart. A wide array of optional colors may be specified for an upcharge.

To Specify

Bench Specify one, two or three seat bench, perforated metal or wood seats, and with or without intermediate arms/tablet arm. If tablet arm is specified, choose right and/or left placement. Select wood type and powdercoat color. *Litter* Specify top or side-opening litter, and powdercoat color. *Side Table* Specify side table and powdercoat color. Visit landscapeforms.com; click Design Tools, Materials/Colors link for standard offerings, including FSC wood options.
