The soul of a sofa with a heart of steel.

Hyde Park is an award-winning bench that marries the comfort and intimacy of interior furniture with the strength and durability of steel. The traditional gesture of its form is rendered completely contemporary in steel rod while the horizontal pattern of this elegant material solution accentuates the sofa-like quality of the design. And Hyde Park's formality is belied by its open invitation to perch on its outstretched back and arms.

Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to elevate experience and help create a sense of place in public environments. Our high quality products and outstanding customer service have earned us a reputation as one of the world's premier designers and manufacturers of outdoor commercial furnishings.

Hyde Park™ Specifications

Finishes

Wood Shaped wood boards are nominal 1.25" thick. Interior woods are finished with Landscape Forms' exclusive LF-80 wood finish, a clear, catalyzed acrylic lacquer. Special stains available for an upcharge.

Exterior woods are unfinished and will weather to a soft pewter gray, requiring no future maintenance.

Metal rod 5/8" round solid steel rods. All metal parts are finished with Landscape Forms' exclusive Pangard II® polyester powdercoat, a hard, yet flexible, finishing process that resists rusting, chipping, peeling and fading. Call for standard color chart.

To Specify

Bench Select Hyde Park bench, bench length. Choose metal or wood seat. Choose powdercoat color for metal and woods type if specified.

Litter receptacle Select coordinating Presidio litter receptacle, side- or top-opening, and powdercoat color. Polyethylene liners coordinate with standard powdercoat colors. Optional lock may be specified.
