charlie

Graceful geometry. Exuberant vitality.

Landscape Forms developed this dynamic Gustafson Guthrie Nichol design for Chicago's Millennium Park and is now pleased to offer the Charlie table as part of its standard product portfolio. Charlie contributes to the sense of movement in vibrant public spaces. Tabletop and seats are floating planes connected, lifted, and supported by the swooping lines of legs that dance on the ground below. The oval form comfortably seats up to six people on two benches and supports social interchange as sitters face each other directly across the table.

Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

Charlie Specifications

The Charlie table is a 67" oval that seats up to 6 people. Steel seat panels have a perforated pattern, and are surrounded by cast aluminum trim. Ribbon-like steel legs support the steel/aluminum table top, and are surface mounted through stainless steel glides/inserts. Stainless steel anchor hardware ships with the table. An offset umbrella hole option is available.

Charlie is ADA compliant and must be surface mounted.

To Specify

Specify a Charlie table, with or without umbrella hole and powdercoat color. Charlie ships with mounting hardware.
